To: Fédération Aéronautique Internationale
Hang Gliding and Paragliding Commission CIVL

29th of January 2016

Regarding: Changes in issuing procedure of the IPPI cards

Dear Members of the CIVL Commission,

on behalf of the Hungarian Aeronautical Association, hereby I inform you that beginning with 29th of January 2016 there is a change in our procedure regarding the issuing of the International Pilots Proficiency Information Card. From now on we will be applying the first version mentioned in FAI regulations, namely:

„The Card is physical, bought and sold by the national federation to pilots who ask for it. It is not necessary to renew the card except when a change in the pilot national licence invalidates the IPPI card. For example, if the pilot receives a higher national ranking which corresponds to a higher stage in the Delta Pro or Para Pro system, a new card should be issued.”

All the IPPI cards issued until now will be considered valid as long as there is no change in the ranking of the pilot.

Also please be advised that the Hungarian Free Flying Association is not the official commission of the Hungarian NAC, not even a member at this moment. The official Hang Gliding and Paragliding Commission of the NAC is an entity elected by the active sporting members. The official contact details to them is pg@aeroclub.hu and +36303471249 Kaszás Sándor CIVL delegate for Hungary.

I would kindly ask you to change the information on the FAI website accordingly.

Best regards,

Erzsébet Vizaknai

General Secretary

Hungarian Aeronautical Association
